

**Day 1 Leon to Astorga** – we have cycled 5 hours 18 mins about 58 km and climbed in total 517m. The weather has been brilliant and at some times too hot to cycle. The scenery has been amazing, as we have cycled from built up urban areas with its beauty of architecture splendour to vast stretches of rural plains, which have stretched for miles and miles and witnessed to God’s beautiful creation. This has been enhanced by the privilege of encountering many pilgrims along the way from all different corners of the world. We pray for Aaron, from Israel, Anna from Holland and Victoria from Germany – Buen Camino.
